

Overview

OVERVIEW

Threaded rod bracket for 4" and 6" components is engineered to accept 4" or 6" coupling kits and provide a low profile mounting attachment to the threaded rod. Center trough brackets can be assembled into this bracket for mid-span support. These brackets can be mounted on new or existing threaded rods and feature a removable lock bracket to simplify installation.

FEATURES

- Accepts 4" and 6" coupling kits
- Provides low-profile mounting attachment to threaded rod
- Removable lock bracket simplifies installation
