

ADJUSTABLE SHORT BACK BELT™ – 20192CM

\$884.25 – \$1,034.25

Starting at \$80/mo or 0% APR with [affirm](#). [Check your purchasing power](#)

The revolutionary patented Adjustable 4 D-Ring Body Belt™ offers an adjustable man-rated upper belt strap and an adjustable lower work positioning D-piece that allows the user to customize the size of the body belt at any given moment. This belt features six sizes – x-small, small, medium, large, X-Large, 2X-Large (see below for sizing chart) and users will now have a belt that can adjust three to four sizes.

- The newly designed belt strap allows for more adjustment on the lower end of the adjustment range to fit a wider variety of body styles. This is especially useful for smaller waisted users.
- Featured across all available sizes and the current sizing remains the same.
 - Belt still adjusts in two places.

Distributors stocking this product are listed below and typically ship within a week. If no distributors are listed, the product will typically ship within 7 to 14 days. For a CSA approved version of this product, please contact your local **LineStar** Branch.
