RhinoDome™ Marker Post

Fact Sheet

Part# RDR

Build America Buy America Act Compliant

For the fans of dome-style marker posts, we have you covered. What makes our RhinoDome™ exceptional is its durability and overall visibility. The graphics are hot-stamped directly into the post, ensuring the warning message will remain visible throughout the entire lifespan of the marker. The topper can be retrofit on to faded or outdated markers.

Description:

- Standard lengths: 66" | 72" | 78" | 84" | 90" | 96"
- 3.5" outside diameter
- .125" wall thickness
- 21" dome topper
- 10" anchor tube for locking the post into the ground
- 18" bury-depth decal included
- Made with RhinoPoly® – our proprietary blend of thermoplastics
- Performs in temperatures ranging from -40 to +150°F
- The round design of the RhinoDome™ is great for overall visibility
- Standard one-color hot-stamped graphic on two locations
- Designed for 10+ years of outdoor use with our 10-year warranty
