

Arrow T25 Round Crown Wire/Cable Staples, 3/8-inch x 5/16-inch

SKU: 256

PRODUCT DETAILS

The Arrow T25 Round Crown Wire/Cable Staples, 3/8 inch x 5/16 inch, 1,100 Count secure bell wire, thermostat wire, doorbell wire, speaker wire, and other low-voltage cable with a rounded crown that follows the cable shape instead of pressing a flat crown directly across the jacket. That profile helps installers anchor low-voltage wire without flattening or pinching it when the correct staple size and driving depth are used. Each staple measures 3/8 inch x 5/16 inch, and the package contains 1,100 staples. Use only with compatible Arrow T25 wire and cable tackers or compatible multi-fastener tools that accept T25 staples. Steel construction supports reliable cable fastening in compatible indoor and intended installation settings.

SPECIFICATIONS

- CABLE APPLICATIONS: Designed for bell wire, thermostat wire, doorbell wire, speaker wire, and other low-voltage cable in compatible low-voltage wiring and communication installations.
- CABLE PROTECTION: Rounded crown follows the wire shape to help prevent flattening, pinching, or jacket damage.
- SIZE AND COMPATIBILITY: Each staple measures 3/8 inch x 5/16 inch and fits compatible Arrow T25 wire and cable tackers.
- CONSTRUCTION: Steel construction supports reliable indoor cable fastening in suitable base materials.
- PACK CONTENTS: Includes 1,100 staples for organized low-voltage wire and cable installation work.

Q: Which wiring projects suit these T25 staples?
A: They are designed for bell wire, thermostat wire, doorbell wire, speaker wire, and other low-voltage runs. The round crown can straddle wire up to 1/4 inch without flattening the jacket.
Q: What size and tools are compatible?
A: Each staple measures 3/8 inch x 5/16 inch and fits compatible Arrow T25 wire and cable tackers, along with multi-fastener tools designed to accept T25 round-crown staples.
Q: What material and quantity are included?
A: The package contains 1,100 steel staples. Their round-crown construction supports repeated bell, thermostat, doorbell, speaker-wire, and other low-voltage installation work. The 1,100-count box supports repeated low-voltage wiring runs.

Arrow T25 Round Crown Wire/Cable Staples, 9/16-inch x 5/16-inch

SKU: 259
