

# POLYMER BUCKET HOOKS

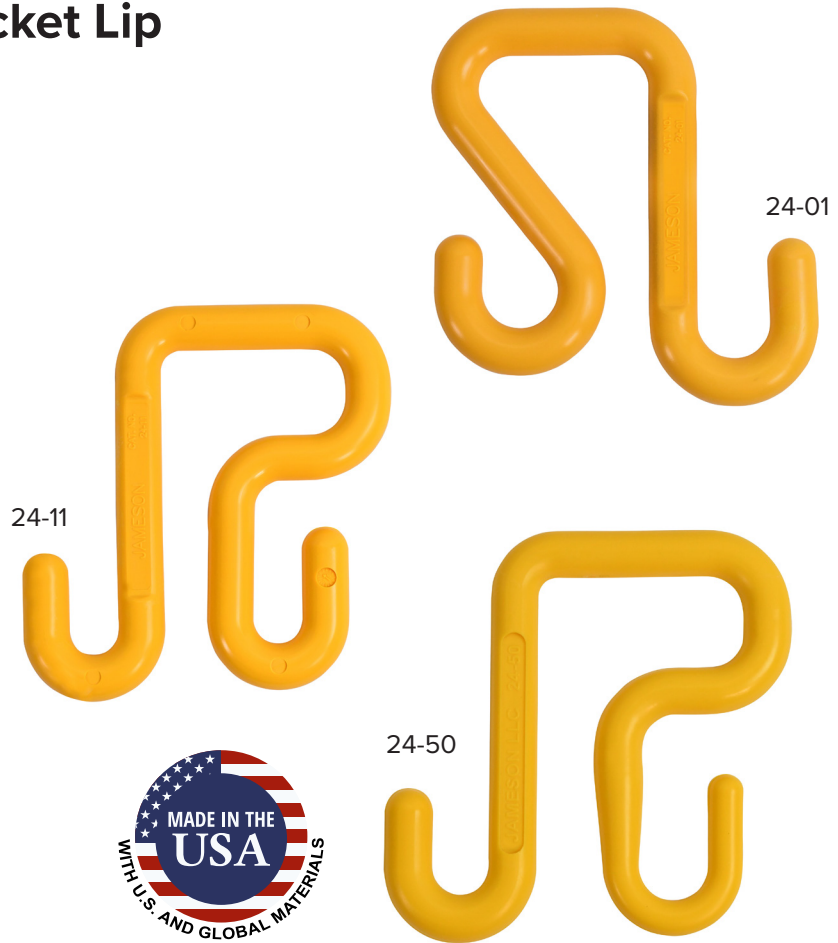

AERIAL BUCKET HOOKS  
FOR 2" AND 3" BUCKETS

## Polymer Hooks for Aerial Bucket Lip

Jameson's high strength polymer injection molded hooks are designed for hanging rubber blankets from the bucket lip without damaging the grommets. Fits bucket lips up to 3" wide.

- Engineered polymer material is impact resistant and rated for cold weather
- Fits bucket lips up to 3"
- 100 lbs. load capacity
- The Jameson 24-50 has a tapered  $\frac{1}{2}$ " diameter that allows you to hang up to 4 rubber blankets without tearing the eyelets

Part No.	Description
