

Designed to test the continuity of RJ45, RJ12, and RJ11 connectorized cables, this cable tester checks and troubleshoots pin connections in network and telecom cables.

- Tests for opens, shorts, and miswiring of RJ45, RJ12, and RJ11 terminated cables
- Full LED indication lights on both main and remote unit
- Automatically starts testing when switched on
- Can slow down testing procedure using “S” switch to better see each test
- Includes nylon carrying case and (1) 9V battery

SPECIFICATIONS	
CONNECTOR TYPE	RJ45, RJ12, RJ11
INDICATOR LIGHT TYPE	LED
WEIGHT	0.509 lb (0.23 kg)
UPC NO.	811490016316
